

# Library Services and ELearning Resources Guide

## Search AQU Library Collection

To search for a book inside the library, you can use the online catalog.

### AQU Online Catalog:

Available on the library's webpage. It allows searching for books by title, author, subject... Including the location of the books on the shelves.

### How to locate AQU online library catalog:

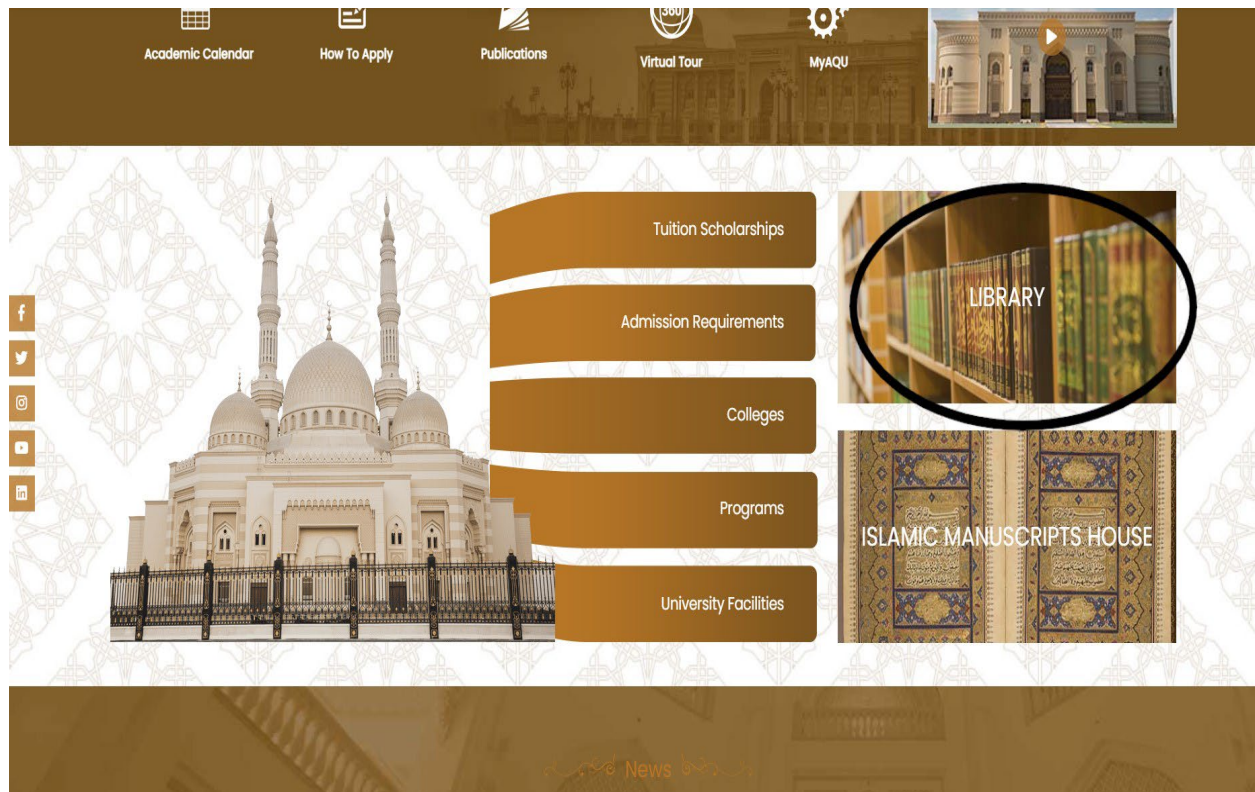

1

Go to AQU Website: <http://www.alqasimia.ac.ae>

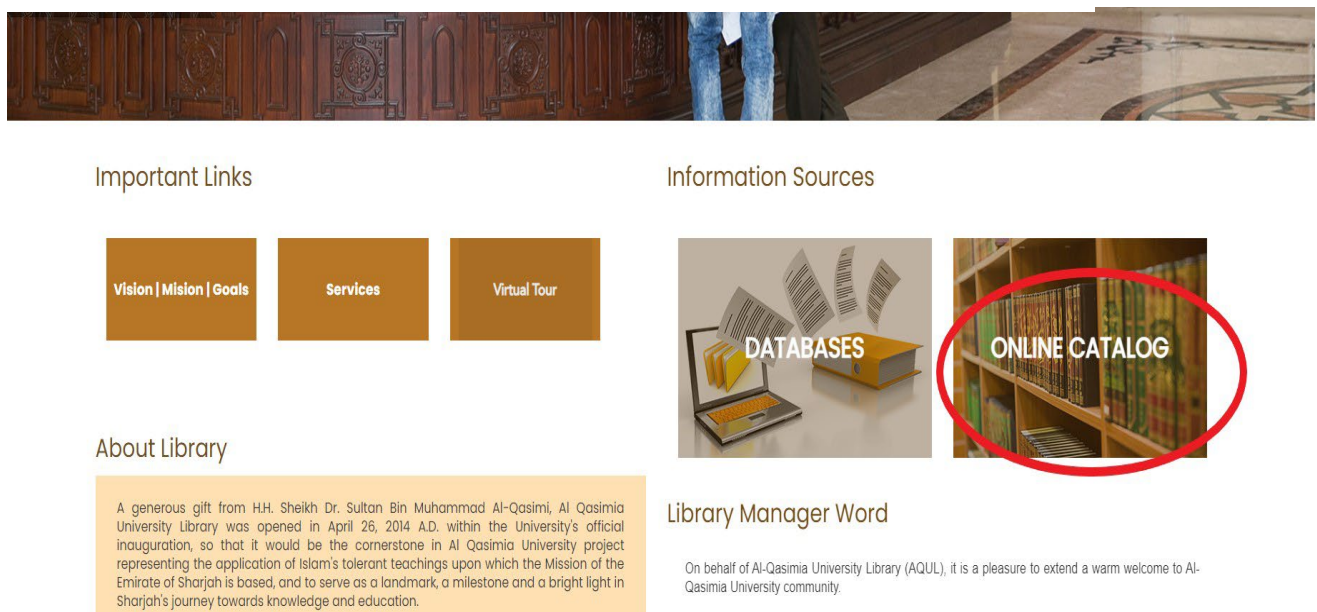

**Click on Library Image to access to the library webpage.**

2

3

**Click on ONLINE CATALOG Icon.**

4

## Simple Search Screen.

The screenshot shows the library's website interface. At the top, there is a browser address bar with the URL 'library.alqasimia.ac.ae'. Below the address bar, on the right, are icons for 'New Search', 'Print', 'الرئيسية' (Home), and 'Help'. On the left, there is the Al Qasimia University logo and links for 'My Library' and 'Help Topics'. A horizontal brown bar spans the width of the page, with a '(More Searches)' link on the right. In the center, there is a search form with a dropdown menu labeled 'Keyword', a text input field, and a 'Submit' button. Below the form, the text 'WebPAC PRO © Innovative Interfaces, Inc.' is visible.

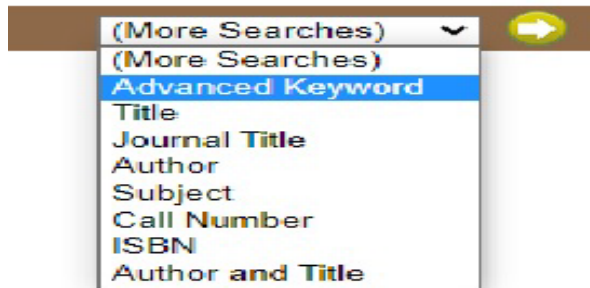

5

## Search Indexes.

The screenshot shows the library's website interface with the search dropdown menu open. The dropdown menu lists the following search indexes: 'Keyword', 'Title', 'Journal Title', 'Author', and 'Subject'. The 'Keyword' option is currently selected. The rest of the interface, including the browser address bar, navigation links, and the 'Submit' button, remains the same as in the previous screenshot.

#### Search Tips

**Wildcards** Words may be right-hand truncated using an asterisk (\*) in place of other characters. The "" wildcard may also be embedded in a search string. You may use "?" to replace a single character anywhere within a word.

Examples : environment\* polic\*, wom?n

**Boolean Operators** Use "and" or "or" to specify multiple words in any field, any order. Use "and not" to exclude words.

Example : stocks and bonds

Example : (alaska or canada) and (adventure and not vacation)

**Field limits** A field limit causes the system to search only the specified field for the specified word(s).

**Grouping** Keyword search results are usually grouped by relevance to bring the most likely titles to the top of the list. Each group represents a similar level of relevance and results are sorted within the group by date or title. To get an ungrouped result set, use boolean operators to form a complex query.

## **Search AQU Library Database**

### **1-EBSCO/Business Source**

It provides significant coverage of full-text peer-reviewed journals containing more than 3507 full-text magazines and periodicals and 2112 full-text periodicals in the fields of accounting, management, economics, banks, finance, human resources management in addition to the following research databases:

### **2-DAR AL MANDUMAH:**

Very large databases that include the vast majority of specialized scientific journals and periodicals with their full texts, as well as conferences and seminars in their field of specialization.

### **3-E-MAREFA**

The Arabic integrated database "Marefa " is a collection of databases that provide complete texts and comprehensive biographical metadata for more than 5,000 articles from peer-reviewed scientific journals, research, conference papers,

statistical reports and electronic books as well as more than 27,000 proposals and theses

### **How to locate AQU library Database:**

## Select a database

### EBSCO/Business Source Ultimate

It provides significant coverage of full-text peer-reviewed journals containing more than 3507 full-text magazines and periodicals and 2112 full-text periodicals in the fields of accounting, management, economics, banks, finance, human resources management in addition to the following research databases:

#### 1- Green File

This database provides research government and public information sources of general interest on the environmental impacts of individuals, companies and governments and what can be done at every level to minimize the adverse impacts on the environment.

#### 2- Regional Business News

This database provides comprehensive full text data for more than 80 regional trade publications covering all urban and rural areas within the United States.

#### 3- ERIC

The Educational Resource Information Centre's base provides access to educational publications, research and information from periodicals included in the Journal in Education and Resources in Education's daily index of indicators. The content includes magazine articles, research reports, curricula, teaching guides, conference papers, theses, proposals and books dating back to 1966.

#### 4- Abstracts (LISTA)

A database which provides extracts for more than 560 core journals, nearly 50 priority periodicals and approximately 125 selective periodicals in addition to books, research reports and procedures in the field of information science and technology (LISTA). The topic coverage includes library secretariat, classification, indexing, bibliometric measurements, online retrieval, information management and others. Coverage in the database extends to the mid-1960s.
